

Summer competition

LifeTM
Science Centre

DESIGN YOUR OWN EARTH DEFENDER TO WIN AN ANNUAL MEMBERSHIP!

Create a super satellite that will help us humans down on Earth. Maybe yours will keep an eye on endangered animals or help us monitor air pollution! Draw your design below and label the key features.

To enter, simply email a photo of your design to competitions@life.org.uk by 26 August 2024. Remember to include your name and age.

Terms apply, for more details see life.org.uk

Already a member? We'll extend your passes by an additional year!

Think about how your satellite will run. Does it need solar panels to generate electricity?

Some satellites have radar to see through clouds, others have a camera to take photographs - what will yours have?
