## Powering The Future Worksheet

## What Did I Learn?

1. Choose an answer to each question in the table below.

	Yes	No	Not sure
Did you enjoy taking part in the Powering the Future Learning Lab?			
Did you learn more about science?			
Are you going to talk your family or friends about what you found out about science?			
Would you now like to find out more about science?			
Can you spot links between science and your own life?			
After taking part in the Powering the Future Learning Lab are you now more interested in going into a career that uses science?			

2. What careers did you learn about during the lessons? Try to list as many

as you can. If you can't remember the names of the jobs, please describe what the person does.
