Transport Worksheet 1

Poster Research

What is the biggest source of renewable electricity in the UK?

In the UK, when will new petrol and diesel cars be banned?

What will be replacing petrol and diesel cars? How do they get the power needed to work?

What sort of vehicles use hydrogen fuel in the UK?

Why is hydrogen a good fuel?

How do hydrogen vehicles get refilled?

Turn your research into a poster that shows why the UK needs to generate more renewable electricity to reduce greenhouse gas emissions from travel.
